

Trade-In Program

Change is in the air and you can take advantage!

Our S₃ trade-in program is now available so if you are looking to get an early start on those New Year resolutions, make the change to the new S₃.

Any make or model of automated sampling equipment can be traded in to receive a percentage off toward a new S₃ system. Just send the following to receive a quote:

- Make and model
- Purchased Date
- Last Used Date
- List of Connecting Equipment
- Accessories
- Photo

For more details contact us at contact@flownamics.com or call 800-932-6989.

This program will only be available until March 31, 2020 so get in early!

Note: All packaging and shipping of system being traded in will be the responsibility of the customer. If accepted, everything must be received by Flownamics before the S₃ system can be shipped out.
